Self-Cleaning

Traction

GRIP STAR

GRIP STAR is an agro-industrial tire for loading applications with telehandlers. It shows excellent traction and self-cleaning properties. Besides, it is an all-season tire particularly suitable for operations on muddy ground. GRIP STAR is also available in a "special" version that features extra cut and chip resistance.

	Tire size	Type	PR	LI/SS		Version	S.W. (mm)	O.D. (mm)	SLR (mm)	RC (mm)	RIM	
				DW	FR						Rec.	Alt.
Ø 24"	15.5/80 - 24	TL	16	151 A6	163 A6	STD	392	1270	569	3683	W 12	W 13 ; W 14 L
	15.5/80 - 24	TT	16	151 A6	163 A6	STD	392	1270	569	3683	W 12	W 13 ; W 14 L
	15.5/80 - 24	TL	16	151 A6	163 A6	SPL	392	1270	569	3683	W 12	W 13 ; W 14 L

STD: Standard - SPL: Special

Tolerances: O.D. \pm 2% - S.W. \pm 2% - RC \pm 2.5% - LI/SS = Load Index / Speed Symbol; S.W. = Section Width; O.D. = Overall Diameter; SLR = Static Loaded Radius; RC = Rolling Circumference; DW = Drive Wheel; FR = Free Rolling
